

RIVERSIDE COUNTY FIRE DEPARTMENT

IN COOPERATION WITH **CAL
FIRE**

2020 ANNUAL REPORT

MESSAGE FROM THE FIRE CHIEF

The Riverside County Fire annual report for 2020 reflects the mission and vision of our department. We are proud to serve the residents of Riverside County, including all the unincorporated areas, our 20 partner cities, and the Rubidoux Community Services District. Our service to the county would not be possible without the assistance and support given to this department by the County Executive Office and our elected officials, whom we are very grateful for.

This year brought many unique and complex challenges for the department, putting a heavy demand on our fire fighters as never before. Between navigating the Coronavirus pandemic and combatting the largest, most destructive fire season ever recorded in California, each member of Riverside County Fire felt the strain. Nevertheless, our firefighters remained faithful public servants, persevered, continuing to keep their oath of service, even at the cost of sacrifice to their families, and loved ones.

Our Fire Department is truly an integrated, cooperative, regional fire protection system. We maximize the fiscal econo-

mies of scale by uniting all of the State, County, and partner cities and the Community Service District into one unified effort. During this year, we provided service to 1.9 million residents spread over nearly 7,200 square miles, quickly and decisively responding to all emergency calls for assistance from across 95 fire stations. Our ability to respond to these calls was sustained by our support personnel, who operate behind the scenes providing planning, logistics, and financial assistance to the entire department.

Our core values continue to be Leadership, Competence, Integrity, Safety, and Customer Service. I expect all of our personnel to uphold these core values, ensuring we provide the best possible service to our residents. These values have set the tone for a generation of firefighters and will continue to be strong, guiding principles for this department's future development and growth.

2021 has already proven to be a year where we take advantage of opportunities to improve. We are replacing facilities, apparatus, and older rescue equipment. Our partner cities

are growing, adding to the size of the department. The county budget reflects the commitment the county has towards our department, adding to Emergency Command Center staff, beginning a annual inspection program in the Fire Marshall office and adding much needed relief personnel for the county's fire stations. Additionally, I'm excited to be adding surge staffing to our fire fighting force, as it will add yet another layer of protection to our citizenry.

In conclusion, I want to thank everyone for their overwhelming support for the Riverside County Fire Department. 2020 was a difficult year both for this Department and the CAL-FIRE Riverside Unit, but the citizens we serve have shown compassion and care for our members in spite of these challenges. I am proud to serve as the Fire Chief to the most amazing department in the world.
