

Do you know what you should and shouldn't do on Thanksgiving Day?

Cut the cards below and glue them to the box they best match.

SHOULD I, SHOULD I NOT?

Should I?

Should I not?

stand outside the "kid free zone" when around the stove, grill or burner

ask an adult before using the microwave or any kitchen appliance

wear loose, flowy clothes while helping in the kitchen

play with matches or lighters if I find them

Play in the living room or outside away from the adults cooking

touch hot pots, pans, or dishes on the table

tell an adult if I see flames or smell something burning

run if my clothes catch on fire

remind adults to keep the cooking area clear of towels, papers or cloths

try to open the oven door if I see flames inside

play with knives and sharp kitchen tools

keep toys and pets out of the kitchen while cooking is happening
